WEEKLY REPUBLICAN—1897.  
DAILY PUBLIC LEDGER—1898.

MAYSVILLE, KY., WEDNESDAY, JANUARY 21, 1903.

ONE COPY—ONE CENT.

SOME OLD-FASHIONED THINGS.

We hear a lot of talk these days about this wonderful age.  
An't all the new improvements we can read on History's page.  
We know this budding century is bound to make things hum,  
But I've been lookin' round of late an' calculatin' sum;  
An' a few things I've discovered that are movin' mighty slow,  
For human nature's what it was a hundred years ago.

There's newer ways of travelin' and different sorts of style,  
And quicker ways of addin' to or takin' from your pile,  
Likewise new-fangled remedies for every human ill—  
An' yet folks seem to cling to their old style of dyin' still.  
(It may be jest a habit that we'll finally out-grow.)  
But human nature's what it was a hundred years ago.

There's better ways of studyin', an' quicker ways to think,  
An' din-din-din microbes lurkin' in our food an' drink;  
There's swifter styles of vehicles accordin' to your means,  
An' labor-savin' notions in all sorts of new machines;  
But, far as I can see, in spite of all our brag an' blow,  
The human nature's what it was a hundred years ago.

It's true that now a laddie, when he goes to court a lass,  
Kin switch electric lights off, 'stead of turnin' down the gas;  
But of you probe the matter, why, they'll jest owa up an' say  
Folks still conduct their spoonin' in the good ole-fashioned way.  
We'll parade new notions, but we do it jest for show,  
A woman's heart is what it was a hundred years ago.

There's still a few ole-fashioned things we cherish all our life,  
The pride of land an' liberty, the love of home an' wife,  
Let's keep in step with progress as it hails each rising light,  
But still hold on to some things that we can't improve a mite.  
For, come to think about it, why, I reckon you'll allow  
That human nature'll be the same a hundred years from now.

—Ida Goldsmith Morris.

## FAUST IS COMING.

Lewis Morrison's "Faust" will appear at the Washington Opera-house Thursday, January 22, with a cast and scenery which surpass those of all previous productions of "Faust." With a new prologue employing seventeen exquisitely painted scenes, an invisible choir and a display of electrical effects centering into one pure white ray resting on the gates of heaven thronged by the heavenly host, and a dozen other novel and startling effects, the production is bound, scenically, to be the finest ever staged of this particular play. The cleverest scenic artists and electricians of New York had carte blanche. The subtlety and bitterness, the tremendous declamation and the merciless gibing mockery of the insidious character of Mephisto may be enjoyed at the Opera-house on tomorrow night. The management guarantees this to be a first class production. Seats are now on sale at Nelson's.

## Latest!

Senator Fairbanks was re-elected Senator from Indiana yesterday.

Superintendent of Police Philip Deitch of Cincinnati is critically ill of pneumonia.

The explosion of a boiler at Elwood, Ind., yesterday fatally wounded several persons.

The conference between the L. and N. engineers and General Manager Evans over wages ended yesterday. The engineers get increases in salary of about 10 per cent., and the firemen and hostlers get proportionate raises. About 2,000 men are benefited. Most of the work was in equalizing the wages scales.

A sensational scene occurred in the House at Washington yesterday. Cochran (Dem., Mo.) was speaking on the utter failure of this Government to reach an agreement with Great Britain concerning the Canadian-Alaskan boundary. "As soon as we stop trucking to Great Britain," declared Mr. Cochran, "the Canadians will act and then they will come over to our side." "You lie!" came the words from the visitors' gallery. A tall young girl, with a white face, who was listening intently, and who was evidently British in her sympathies, was the speaker. The words created a sensation.

## Dress Stuffs A BARGAIN!

\$2½ to \$5 buys a dress pattern that a fortnight ago would have cost \$5 to \$10. Not to wool Dress Goods are reductions confined—silks have also been sheared of all profit. Never a better time to buy a dress, waist, or skirt. Perhaps some neighbor has availed of this sale—ask her opinion of our January bargains—we know her answer will bring you here.

## FURS---One-Half!

The offer can be made in a dozen words. Every fur piece in the store at a reduction of one-half from the marked figures. Owing to the warm fall we marked furs early in December at the lowest prices ever known in the store's history—and from these lowest of low prices we again clip one-half.

Is only a bargain when it is a worth-while article at less than usual price. Last winter's coats would not be cheap to smart dressers at any price.

## EVERY WRAP

In our stock is correctly fashioned and was made for the winter of 1902-3. We didn't carry one coat over from last year. We emphasize this point because it is difficult for anyone to grasp the extraordinary values we are giving in the coat department. You think old-fashioned garments are only possible at such prices. Don't waste time over that fallacy when a glance will instantly confirm every detail of our statement.

## D. HUNT & SON.

## Notice!....

All certificates that were awarded cash prizes in our Christmas distribution have been paid with the exception of numbers 1,585, 7,658, 9,245 and 3,107, which entitle the holders to \$20, \$5, \$1 and \$1, respectively. Unless these are presented for redemption by Saturday night, the 24th inst., those numbers will be considered void, and the amounts will be re-awarded, according to the terms printed on each certificate.

## Barkley Cash Shoe Company.

The Court of Appeals yesterday overruled the motion of the representatives of the Commonwealth for rehearing of the appeals in the cases of Caleb Powers and Jim Howard and the cases now go to the Scott and Franklin Circuit Courts for new trials.

As a result of their conference in Louisville with the General Manager, L. and N. engineers will get an increase of 10 per cent. in wages. This is graded. On some runs the increase is only 2 or 3 per cent. but on others it is as high as 15. About 900 engineers are affected. Eleven hundred firemen share proportionately in the benefits, for they still get 53 per cent. of the wages paid the engineers, as under the old schedule.

THERE is a sensation brewing in the Circuit Court at Lexington. The present Grand Jury failed to adjourn Saturday, asking for a continuation of time. It was impaneled on the first day of December, and is a record-breaker for time. Hon. C. J. BRONSTON has been before the Jury several times and the books of the Fiscal Court have been also before the body. It is believed that an attempt is being made to allege misappropriation of funds by certain officials; and it's a safe bet that plenty of pay dirt can be found in that ring-ridden citadel of modern Democracy.

Forty indictments were voted by the Special Grand Jury which is investigating the causes for the shortage of coal in Chicago. If the indictments are followed by forty convictions and the punishment of forty conspirators who have fattened on the sufferings of the poor, there will be some sense in the proceeding.

WHEN it comes to bullying and blackguardism, South Carolina seems determined to hold a seat in the baldheaded row. With Senator TILLMAN assaulting his colleague in the United States Senate Chamber, and his nephew, Lieutenant-Governor TILLMAN, shooting down an unarmed Editor at the South Carolina capital, it looks like the decent people of the Palmetto State ought to get rid of the TILLMANS. They are a disgrace to the state.

GOOD FREETRADE TIMES.

Louisville Herald.

We learn from London that the marches of the unemployed, which have become a daily feature in the English metropolis, are causing uneasiness. Ten thousand persons, escorted by the police, traversed the city on Wednesday last. How like good old Democratic times in the United States, when Grover, who was to give every one a clover, corralled it all for himself.

Peacock was the regular Christmas dish up to the year 1650.

More than thirty great manufacturing companies of the United States are establishing factories.

D. D. D. guaranteed a permanent cure for

Winter Eczema

Ring Worm, Erysipelas, Barbers Itch, Salt Rheum, Tetters, Itching Piles and all diseases of the skin

Diseases of the skin are due to parasites and not to tainted blood. Thousands of wretched people become hopeless and desperate—imagining they have an incurable case of blood poisoning, when in reality their affliction is simply caused by the activity of a local parasite, which can be cleared away in a hurry.

The wonderful D. D. D. remedy was discovered and formulated by working on the theory of parasitic irritation and it has never failed to effect a cure on every case of skin disease. The skin was created to protect the tenderer tissues beneath. For this reason it is able to withstand the effect of contact with most impurities. Its protection is only assailed when living, foreign organisms burrow into it. Skin diseases can be likened to the eruption created by ants in making their ant-hills.

The D. D. D. remedy quickly and absolutely removes the parasite without irritation, burning or itching. At the same time it softens the skin and heals and soothes the afflicted part.

See what a citizen of your own section says:

The cure effected on me three years ago by the D. D. D. remedy has proved to be a permanent one. I was covered from head to foot with scales from psoriasis. Any one can find my photograph, before and after treatment, in one of the pamphlets issued by the D. D. D. Co.

CHARLES JACOBS, Richmond, Ky.

Co., of Chicago, being duly sworn, says that he knows that the publication of false testimonials is a criminal offense, and that to his personal knowledge the facts stated in the above letter are a matter of actual fact.

It is utilized by every general family physician who has taken the trouble to investigate the work it is accomplishing.

It is used in the Cook County Hospital, Chicago, and in many hospitals throughout the country.

It will clear off any parasitic break in the skin in from 3 to 60 days' time.

## River News

The Ohio is falling at this point.

The Ed. Roberts passed up with a tow of Pittsburgh empties, followed by the Ironsides, Coal City, Charles Brown and Josh Cook.

The ice in the river yesterday was very heavy. The cold nights have made new ice and caused the broken pieces to freeze together, forming larger floes and thus retarding navigation.

The National Sand Company, a new concern, in which several residents of Allegheny are interested, has organized with a capital of \$500,000 and has awarded a contract for a dredgeboat to the Parkersburg Dock Company. The steamer will cost about \$300,000 and will be 27 feet wide and 130 feet long.

The Lee line boats report meeting with heavy ice as far down as Cottonwood point, 125 miles below Cairo. The towboat S. H. H. Clark and barges, up-bound, are supposed to have gone to the bank on account of the ice. The boat was sixty hours out from Memphis and had not reported at Cairo.

The towboat Sprague, coming up the Mississippi river, has met with an accident to her machinery. She has a cracked cylinder and is on her way to Louisville, where a new one will be substituted. The Sprague repaired the injured cylinder at Baton Rouge, leaving part of her tow there. The Sprague passed Greenville Monday afternoon. She was nine days making this run.

Pilot Bowles, who is employed by the Rogers Sand Company, is quarantined at his home at Riverton. One of his children has the smallpox. The Captain started for his boat several days ago, and when he reached the station a member of his family called him home before he had boarded the train, on account of the illness of the child. He was quarantined when it was discovered that smallpox had invaded his home.

Louisville Post—It will be very interesting to some of the younger generation of steamboatmen to know that in 1844 four daily packets plied between Pittsburgh and Rochester and Bridge-water. During high water all the boats ran to Bridge-water. They would land just below Beaver creek dam. Two opposition boats would go there in the morning and return in the evening. The other two would leave Pittsburgh and return the same evening.

## Paine's Celery Compound

Banished His Pains and Agonies.

The startling and happy cures wrought by Paine's Celery Compound for rheumatic sufferers have deeply impressed medical men everywhere, and today, the best practitioners are recognizing the great value of the Compound, and prescribe it with confidence.

Paine's Celery Compound stands unequalled as a cure for all the varied forms of rheumatism. At this season its good work is apparent in thousands of American homes. Men and women, lame and crippled, and utterly helpless from the terrible disease are being restored to activity, health, and strength. Paine's Celery Compound is the only medicine that rescues and saves the despairing victim who is told that he or she is incurable. Mr. L. A. Flesherman, Gap Mills, West Va., writes about his happy experience with Paine's Celery Compound; he says:

"I had rheumatism in my left arm and shoulder, could not sleep, and had no appetite. I visited my sister who lives at Frankford, and she told me that she had been afflicted just as I was and Paine's Celery Compound had done her more good than anything she had tried, and she advised me to use it. I got one bottle and used it, and the result was I slept well, had a good appetite, and the pains of rheumatism left me and I have not felt them since; in fact, it cured me and I feel like a new man."

## LESSON IN AMERICAN HISTORY IN PUZZLE

THE WINTER AT VALLEY FORGE.  
Find Gen. Washington.

Following the defeat of the Colonial army at Germantown on Oct. 4, 1777, Washington and his depleted army went into winter quarters at Valley Forge. The long cold months of suffering spent by the army at this place marked the darkest days of the war for American independence. Trenchery lurked on every side. Patriotism was at a low ebb. The colonial paper money was worthless and the farmers preferred to sell their provisions to the British at Philadelphia for good British gold rather than to the Americans at Valley Forge for worthless script. Provisions, clothing and shoes were all lacking, and little or no efforts were made to provide these necessities.

## MISS SARAH FINLEY,

Vice-President of the Palmetto Club, Memphis, Tenn.

**W**INE OF CARDUI is a thoroughly scientific and modern remedy, meeting the needs of the modern woman in the modern way—without the torture of an operation. Wine of Cardui has cured them in the privacy of their homes and it has found a place in the hearts of American women. In that no other medicine has found. In their gratitude over 10,000 American women have written letters commending Wine of Cardui. Wine of Cardui meets their wants as no other medicine does. It sustains the young girl at the shock of her entrance to womanhood. Women who take Wine of Cardui have little discomfort during pregnancy and little pain at childbirth. When the change of life appears they enter a happy, healthy old age. Every month it comes to the rescue to assist Nature in throwing the impurities from the body. Miss Sarah Finley, of Memphis, Tenn., vice-president of the Palmetto Club of that city, speaks for herself and many friends when she bestows the

Miss Sarah Finley

following praise on Wine of Cardui:

"Among the numerous medicines placed before suffering women for their relief none can touch McElree's Wine of Cardui. It towers above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in this medicine for the past two years, since it brought health and strength to me. I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."

If you are suffering from female weakness Wine of Cardui is the medicine you need.

You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the complete directions given on the bottle, address The Ladies Advisory Department, Chattanooga Med. Co., Chattanooga, Tenn.

## Letters from Women

Cured by the use of Kodol are received daily their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

## Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each.

Kodol cures indigestion, dyspepsia and all stomach disorders. I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milo Center, N. Y.
